

Castino Care & Material Guide Cashmere & Wool Blend

Welcome to Castino - and thank you for choosing handmade quality. Your item has been crafted with care to be soft, safe, and long-lasting. Below you'll find all the information you need to keep it looking beautiful.

Cashmere & Wool Blend

A cashmere–wool blend combines the softness of cashmere with the strength and warmth of wool. With proper care, it stays luxurious, cozy, and long-lasting.

Care Instructions

- Hand wash in **cold water** only — hot water can shrink the fibers.
- Use a **gentle wool or baby detergent** (no regular detergents).
- Do **not** rub, wring, or twist. Gently press out excess water.
- Lay flat on a clean towel to **dry naturally**; reshape while damp.
- Keep away from direct sunlight or heat sources when drying.
- Do not tumble dry.
- If ironing is needed, use **low heat** with a cloth on top.
- For long-term freshness, consider **occasional dry cleaning**.

Material Benefits

- Extremely soft and comfortable
- Warm yet lightweight
- Breathable and gentle on the skin
- Better durability than pure cashmere
- Retains shape and texture with proper care

Important Notes for Cashmere–Wool Blend

- Pilling (small fuzz balls) is normal — remove gently with a fabric shaver or cashmere comb.
- Always fold for storage — do **not** hang, as it may stretch.
- Store in a cool, dry place with a lavender bag or cedar block to protect from moths.
- Avoid wearing the same piece every single day; natural fibers appreciate rest.
